BLHN 2019

'Social housing' is in the news today, but it is not new.

Housing for the people goes back centuries, in practice and in principle: cottages on manorial estates, the 18th-century workhouse that provided work, the 19th-century workhouse that enforced it, 'Homes fit for Heroes' after the First World War, then council housing on a mass scale, New Towns and Milton Keynes, and now the effects of Right-to-Buy. **Come to our one-day conference** and discover more.
