

## ADDITIONS TO THE MUSEUM 1928

## Tokens.

As mentioned in the last issue of the "Records" the late Mr. Wm. Crouch generously bequeathed to the Society 107 Bucks tokens of the 17th century, and 17 of the 18th century. The Society's collection of 17th century tokens being thus augmented, a special case for their exhibition was obtained, and they can now be seen to great advantage, as both obverse and reverse are shown where duplicate specimens occur, and a rubbing is attached, being frequently more legible than the token itself. The Society has specimens of 205 (124 in duplicate, and 81 single specimens), tokens out of the 223 varieties known to have been issued.

At present the 18 not represented are as follows:—

Parish	Name	No. in Williamson's List
1 Amersham	Frances Lane	3
2 Aylesbury	Stephen Dagnall	Not recorded.
3 Brill	The Potteries	Do.
4 Buckingham	John Kew	Do.

Specimens of any of the above would be gratefully received, and the rubbings of Nos. 1 to 4, 6, 12 to 14, and 17 would be welcome.

The additions here are most remarkable:—

**Col. G. R. Crouch presented about 1,000 ; the Rev. A. H. Plaisted 31 ; Mr. W. J. Hemp 10 ; and the Earl Brownlow no less than 12 sacks full, all relating to the properties around Ashridge, formerly owned by the Duke of Bridge-water.**

Steps are being taken to prepare an index of this enormous collection ; it is already seen that there are many of great interest from the 14th century onwards.

(The last two items, and a third, relating to the year 1709, are described in another part of this issue).
