

## OBITUARY

By the death of Lord Burnham the Society has lost a member of many years' standing; like his father, the first Viscount, he was always ready to assist and encourage whatever was for the good of the County.

---

The regretted death of Lady Berry deprives the Society of a member who seldom failed to attend the Annual Excursions, and was always pleased to show her interest in the aims of the Society.

---

The Society has suffered a further loss by the death of Canon M. Graves, of Great Marlow.
